KEY INFORMATION

King's InterHigh is thrilled to announce the return of **ART INSPIRED 2025**, our prestigious annual global art competition, which warmly invites all Inspired students aged 14 to 16 to participate. This event offers a remarkable international experience for Inspired families, providing a unique opportunity for students to draw inspiration from the diverse talents of their peers across the globe.

ART INSPIRED 2025 is a showcase of portfolios and resolved works, representing best practice in visual arts education. We aim to celebrate achievement and connect our communities through the visual arts.

This is a wonderful experience for Inspired international families, as well as an opportunity for students to take inspiration from the talent of their peers around the world. Have a look at the [\[exhibition\]](#) from last year that involved 30 schools and over 400 submissions from every continent!

Entries will be included in our online virtual gallery, and King's InterHigh will work with participating schools to set up a schedule of events for students, parents, friends, and their teachers to join and walk through the gallery together, with some students talking through their work via video.

Please note that we cannot accept work that is under assessment for exams due to works being displayed online. If examined works are submitted, we require students to submit after results have been released. All work submitted must be appropriate for an international audience and for an audience that will include children.
